Family outings, hunting, fishing, boating, and snow-
machining.

STATEMENT:
In my three terms I have represented the largest House
District in the nation, encompassing 209,406 square
miles. This is over one third of our great state. Now with
the redistricting, I currently represent even a larger dis-
trict with even more diverse economic and cultural
needs. It is a challenge, but one I consider with height-
ened responsibility.

Over the last 6 years, millions of dollars in capital
projects was appropriated for my district, including
basic amenities like water and sewer projects,
deferred maintenance and construction of schools.
Funding of the Power Cost Equalization (PCE) pro-
gram was maintained.

With the vast wealth of our great state, we have oppor-
tunities like no other. Alaska must identify economic
and resource potentials in the state. We need trans-
portation corridors to access and support resource
development. Pressing for and investing in alternative
means of energy, such as natural gas and electrical
inter-ties, to bring affordable energy to residents and
allow for industry in rural communities is a priority. We
need to promote and support advanced job training
programs and create a strong Alaska work force.
These investments will provide jobs and economy for
future generations.

Education continues to be top priority. During my
tenure, we gained school funding increases, efficien-
cies and encouraged accountability in student, teacher
and parents roles.

My commitment to subsistence is and remains:
Subsistence yesterday, Subsistence today, and
Subsistence tomorrow.

Please feel free to contact me to share your thoughts
on issues of concern to you.
